DID YOU KNOW that there are special seminaries for men entering the priesthood later in life, seminaries where students range from ages 25 to 60? Many of these men have thought about being a priest at one time or another but, for whatever reason, pushed the idea to the back of their minds. They are men who have made a career change to a second vocation, the priesthood. They're ordinary people, men who have been electricians, teachers, barbers, policemen, social workers, business men, farmers, dentists. Some are widowers, even grandfathers. Diverse though their backgrounds may be, they now share one aim in life: to become a priest and serve God's people. Could you be one of them?
